

DESTRUCTIVE FLAMES

Disastrous Fires at Several Different Places.

LOSSES OVER A MILLION DOLLARS

Albany, Vermont, Almost Completely Wiped Out of Existence—A Destructive Fire in Halifax in Which There Was Not a Cent of Insurance—Three Men Perish in a Fire in Alabama.

ST. ALBANS, Vt., May 20.—A disastrous fire swept St. Albans yesterday afternoon, destroying dwellings, business blocks, public buildings and a large amount of other property. The fire broke out shortly after 3 o'clock in the lumber yard of W. B. Fodda, and in a short time several large piles of lumber and business offices had been ignited. There was a heavy wind blowing at the time, and the fire spread rapidly. It destroyed Chisholm Brothers' store, and the tenement house and drugstore owned and occupied by F. Eldred. The fire next spread to the big building occupied by the Crown Furniture company and Collins' meat market. The blocks of Wood & Favro, J. H. Montefiore and W. E. Dean, adjoining, were also destroyed in a short space of time.

At this point the wind had increased to a miniature hurricane and burning embers were carried in every direction. The local fire apparatus and a large force of townsmen endeavored to prevent the fire from extending to Main street, where the large business blocks were located, but their efforts had little or no effect. Swanton and Burlington were called on for help and soon responded. It was found impossible to prevent the Main street block from burning and a dozen buildings were soon on fire. The first Main street structure that ignited were the stores of W. S. Barry and F. B. Morton, the Wallace Printing company's building, the store of Lombard & Winthrop, Marcenau & Vincent and Fuller's livery stables were soon in ashes.

The government building on Kingman street caught fire and was soon gutted. Most of the papers, furniture, etc., were saved. The Hill block, occupied by J. E. Welch and W. N. Adams, was leveled to the ground. The Messenger building next caught fire and burned fiercely for half an hour, the fire extending to the block occupied by W. H. Ellis and W. H. Woodward's store.

Most of the buildings were of wood and burned like tinder before the strong gale, many of the occupants not having time to rescue their effects.

Moore's marble factory on Foundry street, Ryan's grocery store and 12 tenement houses in the vicinity on the same street were destroyed. Shortly before 6 o'clock the entire Burlington fire department arrived and all companies joined forces in an attempt to stop the fire on Main street. The attempt was partially successful and the fire was checked about 6:30, in time to save the more valuable blocks on Main street. The stores of A. L. Weeks, A. J. Long and C. H. Harvey, however, were burned and at this point the progress of the fire was stayed. Control of the fire was obtained on Foundry street, six blocks north of Moore's marble factory. The fire made almost a clean sweep from Stebbins street to Hoyt, turning many people out of their homes. The St. Albans house was saved with great difficulty. The loss will exceed \$500,000.

Fully 30 families are homeless. The hotels are using kerosene and candles at night, as the gas and electric light service are cut off. No serious accidents are reported. It is impossible to give the insurance on the burned property, as the underwriters are unable to ascertain what the figures are. The total loss as near as can be figured is above \$492,000.

FIRE IN HALIFAX.

A Vast Amount of Property Destroyed on Which There Was No Insurance.

HALIFAX, May 20.—Halifax was visited by a \$300,000 fire yesterday and there was not a cent's worth of insurance on the property destroyed. The flames started on the Intercolonial railway's long wharf in the cattle shed. Both wharfs and shed, in which were 60 cattle, consigned to Leaman & Company, which had just arrived from the interior, were soon consumed as well as the freight and immigration sheds.

The fire then swept the immense coaling pier, trestle work and wharf of the Dominion government, on which were a number of loaded coalcars. On the surrounding tracks were a great number of empty and loaded cars, but the locomotive got away from them out of danger. Several loaded with hay were burned.

The property was owned by the Dominion government, and consequently was not insured. Leaman & Company, besides the cattle, lost two cars of hay and two of feed.

The fire is thought to have been the work of an incendiary. The other government terminals was destroyed by fire, and the loss of this one means great inconvenience to shipping and commercial circles.

FATAL FIRE IN ALABAMA.

Three Men Perish in a Fire That Destroyed an Entire Block.

BIRMINGHAM, Ala., May 20.—At 3 o'clock Sunday morning fire broke out in George Mitchell's grocery store at Gate City, and burned the entire block before it could be checked, destroying Mitchell's store, J. C. Fant's boardinghouse, Jake Wise's residence, Pierson's meat market, Mrs. Horsefield's residence,

Gate City high school and two other buildings.

Fant's boardinghouse was upstairs over Mitchell's store, and the rooms were occupied by 15 rolling mill men. The had been drinking the night before, and it was with great difficulty that any of them were saved. Rescuers dragged some from their beds, while others jumped from the windows clad only in their night garments. Three men are missing and are supposed to have been burned to death. James Smithson's charred corpse has been recovered from the debris. The other two missing men were strangers and their names are unknown. Rich Long had a leg burned off, and others received slight injuries.

Paper Mills Burned.

STEVENS POINT, Wis., May 20.—Fire broke out Saturday night about 11 o'clock in the basement of the Wisconsin River Paper and Pulp company's mills, located at Whitings, a few miles from here, and all buildings except the pulp mill were destroyed. The fire is supposed to have originated from a hot box among the machinery. This was one of the largest and best equipped plants in the state. The mills were owned by George Whiting of Menasha and William Whiting of this place. The loss will reach \$150,000, with insurance about one-half. Five loaded cars standing on the sidetrack were destroyed. Four were loaded with paper and one with sulphite.

Seven Stores Burned.

COLUMBIA, S. C., May 20.—A special to The Register says that the oldest business block in Bennettsville, S. C., was destroyed by fire this morning. Seven stores were burned. Loss, about \$75,000.

AFFAIRS AT POCAHONTAS.

West Virginia Miners Hold Two Meetings in Virginia.

POCAHONTAS, Va., May 20.—Yesterday the miners held two meetings in West Virginia at Simmons and near Pocahontas in the evening. The meetings were not so well attended and the colored element predominated. Lawless, Webb, Watson and Adams, the last two colored, spoke. The course of Governor O'Farrell was condemned, while Governor MacCorkle was applauded as being consistent and patriotic.

The Italian still refuse to work. The Southwest Coal company claims to have 500 men on duty.

The following statement has been made by Major Simons, commander of the Virginia troops, in reply to Governor MacCorkle's statement:

"In reference to the statement of Governor MacCorkle that great injustice has been done the West Virginia miners by charging them with firing on our pickets, I will state the facts in the case. On the night of the 8th the officer in command of Coal Branch station reported that his sentinel was fired on six times, on the night of the 9th the officer in command of the same post reported having been fired on 15 times, on the night of the 17th, the officer in command of the same post reported having been fired on 17 times, and that two of his sentinels narrowly escaped being hit. In the last two instances I was within hearing of the shots which were fired from the adjacent hills toward the West Virginia side.

"We have not interfered with West Virginia men in any except to prevent their interference with the men who were disposed to work in the West Virginia mines. I am of the opinion that but for the presence of the military the Virginia miners would not have been permitted to continue operations and that there may have been bloodshed and destruction of property."

ANOTHER BATTLE IN CUBA.

Spanish Troops Report a Victory but Cubans Do Not Believe It.

TAMPA, Fla., May 20.—The Plant steamship from Cuba last night brings reports of an engagement on the 13th near Jovito. The Spanish papers say that 2,000 Cubans attacked the city. The Cubans are said to have opened a general fire from three sides on the Spaniards, who retreated, sending 80 men to another station for reinforcements. When they arrived the Cubans withdrew. The Cuban loss is placed at 700. The Spaniards lost 12 soldiers, one priest, Dr. Ruise, the physician, and Lieutenant Colonel Joaquin Bosch.

Cubans discredit the story, saying that Major Robles, second chief of the Spanish column, has asked to be decorated with the Cross of San Fernando. To deserve this decoration, by army laws, one must fight against triple his force, sustain the battle for a number of hours and lose at least two-thirds of his force in killed and wounded. Therefore the Spanish loss, according to Robles' claim, must necessarily be greater.

A passenger arriving states that the Spanish troops are sick and dying. Campos has called for more troops. Campos saw Havana merchants regarding the issue of paper money similar to the last revolution, but merchants refused to receive it.

CRIPPLE CREEK, Colo., May 20.—Sherman Crumley, Kid Wallace and Sam Wilder have been arrested on warrants charging them with participating in the Florence and Cripple Creek train robbery last March. Crumley and Wallace were arrested a few days after the robbery and were released because the evidence in the preliminary hearing before the United States commissioners was not sufficient to warrant their detention. Bob Taylor and Gibson were held, as the trainmen positively identified them. Ever since the release of Crumley and Wallace deputy United States marshals and the Denver and Rio Grande express detectives have watched them and they claim to have positive evidence of the prisoners' guilt.

REVOLT IN MEXICO.

A Surveying Party Attacked By Natives of Chihuahua.

TWENTY OF THE PARTY KILLED.

One Hundred Mexican Troops Start For the Scene, But are Repulsed by the Natives With a Loss of Half Their Number. More Troops Ordered to the Scene to Quell the Revolt.

ST. LOUIS, May 20.—A special from El Paso, Tex., says: Information has been received here of a bloody local revolt which broke out in a settlement between the towns of Guadalupe Calvo and Varvagina in the state of Chihuahua, Mex., a few days ago. The trouble began when the natives living in the district attacked a surveying party, under C. P. Morrison, an American, and killed 20 of the party.

The affair was reported to the commander of Mexican troops at Parral, who immediately started a detachment of 100 men to the scene. Last Wednesday the troops were assaulted by the natives, and the troops retreated, leaving half of their number dead and wounded on the battleground.

The appointment of the American, Morrison, to survey government land which is now occupied by native farmers caused the trouble. Morrison was to receive a certain portion of the lands for his work. The natives number about 2,000 men living in the district, which is surrounded by mountains. Troops have been ordered from Chihuahua to quell the revolt. Morrison escaped.

HYPNOTISM IN COURT.

A Dying Woman's Statement Taken While Under Its Influence.

ANDERSON, Ind., May 20.—A scene, believed to be without parallel, was enacted here yesterday. A judge of the circuit court, attended by the court stenographer, took down the statement of a dying woman under the influence of hypnotism. Should the judge accept the statements as true, they will cut a great figure in a murder mystery.

George Hires was sentenced by Judge Ellison to 13 years in the penitentiary on conviction of the murder of William Foust July 3 last. The principal witness against him was Maggie Bolton. After the trial she confessed that her testimony was false and that she herself had done the deed.

Dr. J. B. Callen, who claims to have hypnotic power, was granted permission to place the woman in the hypnotic state to ascertain which of her statements was the correct one. Yesterday Judge Ellison, the official court stenographer, and Dr. Callen went to the hospital where Mrs. Bolton is said to be on her deathbed from consumption, and in the presence of these witnesses soon had the woman in the hypnotic state.

Mrs. Bolton spoke in a loud clear tone, though heretofore on account of her weakness she was scarcely able to whisper. Mrs. Bolton seemed to live again the night of the crime, and in forcible manner she recounted the details of the crime. Mrs. Bolton said the shot that killed Foust was fired by Hires. Her confession that she had done the deed was extorted from her by Hires, who said the authorities suspected her son. She then shouldered the crime to shield her son. After she had been brought out of the cataleptic state she did not remember anything of what she had just told.

Judge Ellison was greatly impressed, but he declined to state what effect it would have on his ruling in the case. A motion for a new trial for Hires is pending.

New Era in Gold Mining.

YUMA, A. T., May 20.—Eight of the leading gold mines at Picabo, on the Colorado river, 28 miles above here, have been sold to New York and Denver parties, who will put a mill on the property at once. Four of these are in the White Gold basin, so famous for its output of gold that is white as silver, and four are in the Picabo basin. The purchasers are directly interested in the new proposed San Diego, Yuma and Utah railway, to be built up the west bank of the Colorado. This important sale opens a new era in gold mining on the Colorado river.

Trouble Over a Woman.

FREEMONT, Ill., May 20.—Yesterday afternoon Frank W. Harris, a saloonkeeper, shot Charles Bengie, inflicting fatal wounds. The two men had trouble over a woman, and Harris meeting Bengie on the street, pulled a revolver and opened fire. After the shooting Harris gave himself up. Harris is 37 years old, and his father-in-law, John Billebeck, is one of the wealthiest men in Freemont. Harris is an old-time professional ball player, and played in the Pittsburgh league team for some time. Bengie was employed in a factory here. Both are married men.

Death of Robert T. Tyler Jones.

WASHINGTON, May 20.—The only male person ever born in the White House, Robert T. Tyler Jones, a grandson of President Tyler, is dead in this city. He was the son of Mary Tyler Jones, the eldest and favorite daughter of the president. He served in the Confederate army as a captain and was a brave and faithful soldier. In later years he was employed in the treasury department. Since his retirement from that position he has had practically no employment.

Met a New Baby Girl.

ATHENS, Ga., May 20.—Secretary Hoke Smith reached Athens yesterday and met a new baby girl.

THREE NEGROES LYNCHED.

Retribution Swiftly Follows a Horrible Crime in Florida.

ST. LOUIS, May 20.—A special from Ellaville, Fla., to the Republic says: Three negroes were lynched Saturday night in a dense swamp on the Suwanee river by white men for assaulting a white girl. It is reported that they were flayed alive and then burned after being subjected to frightful tortures.

The crime for which the negroes were so horribly put to death was one of the most terrible in the history of this section of Florida. The scene of the crime and retribution was in Lafayette, the adjoining county to Madison on the south. Miss Mamie Armstrong, the beautiful daughter of a prominent Lafayette county farmer, left her home five days ago to spend the night with a neighbor who lived two miles distant.

The next day Miss Armstrong's father went to the house to bring her home and was alarmed to hear that nothing had been seen of her. Mr. Armstrong alarmed the neighbors and a search was made. The woods were scoured and the Suwanee river dragged. Finally, about midway between the home of Mr. Armstrong and the neighbor's house, the handkerchief of the girl was found clinging to a bush and all around were evidences of a desperate struggle.

The searchers followed the trail thus indicated, finding all along that the girl had been dragged into the woods. After proceeding for a mile the corpse of Miss Armstrong was found in a thick clump of bushes. The body of the girl was in a horrible condition. Every shred of clothing had been torn from it and she had been assaulted, her head crushed and her throat cut. It was evident that the girl had made a desperate fight, for under her nails were found pieces of black cattle, which she had torn from her assailants.

Sam Echols was suspected and threatened with instant death unless he confessed. He did so, and implicated Sam Crowley and John Brooks. Echols said they kept the girl for 24 hours before killing her, forcing her in the meanwhile to repeatedly submit to the most horrible indignities. For the greater part of the time, the negro said, Miss Armstrong was unconscious.

Having secured the negroes implicated by Echols, the white men proceeded with the three flends to a dense swamp on the Suwanee river, where they were made to suffer all manner of torture.

The white people are thoroughly aroused and swear that they will exterminate the negroes if these outrages are continued.

Similar Occurrence in Alabama.

MONTGOMERY, Ala., May 20.—About a month ago Jerido Shivers and two other negro men enticed three young daughters of a white farmer away from home in Coffee county and detained them in the woods for a week. The girls finally made their way home again, but the rascals who led them off could not be found, in spite of diligent search being made for them.

Saturday night, however, it was learned that Shivers was in a certain house near Tabernacle, in that county, and a posse was quietly organized, and went there and secured him. He was taken to Pea river, not far away. A rope with a sinker was tied around his neck and he was thrown into the river and drowned. The other two have not been heard from.

EARTHQUAKES IN ITALY.

Whole Villages Badly Wrecked and Many Lives Lost.

FLORENCE, Italy, May 20.—The earthquake which occurred here at 9 o'clock Saturday evening has proved more serious than it seemed at first. Thousands of people spent Saturday night in the streets and a second shock at 11 o'clock at night intensified a thousand fold the first alarm. The movement of the second earthquake was slight. Some slight damage was done and some persons were injured.

Similar events occurred at Paris, near here. The casualties there included four deaths and many injured. Numbers of houses were also badly wrecked. Near villages in the vicinity suffered still worse damages. At Grassina 40 houses were wrecked. At Lapaggi several buildings fell, and three persons were outombed.

The church at San Martino was destroyed while full of worshippers, several persons being crushed to death in the ruins.

The villages of Gallezzo and Gimbino were badly damaged. The Prince of Naples and a corps of engineers have gone to these villages to aid in the work of rescue.

Felt at Many Places.

LONDON, May 20.—The Standard dispatch from Vienna says the earthquake was also felt in Moravia, Southern Hungary and Dalmatia and also at Laibach, where hardly a day now passes without one or two shocks being felt. Serious earthquakes are being felt in the Ionian islands.

Lasted Ten Seconds.

ROME, May 20.—Saturday's earthquake lasted 10 seconds at Orezzo. There were two shocks at Siena. It was less severe at Pisa, Piacenza, Bologna and Parma. The earthquake was recorded on instruments at Rome, Rocca Di Papa and Ischia.

Awaiting the Explanation.

WASHINGTON, May 20.—Information has been received at the state department that Minister Taylor at Madrid has mailed to the department the full Spanish explanation and disavowal in the Alliance incident. While the purpose of this dispatch has been fully discounted in news dispatches, its receipt here will close the very interesting incident, and its publications will be generally looked for.

RESULTS OF THE WAR

Latest Budget of Mail Received at Washington.

CONDITIONS GREATLY CHANGED.

The Peace Settlement Will Soon Be Followed by a Restoration of Diplomatic Relations—A Vigorous Commercial Campaign Will Soon Be Begun by Japan. Corea Has Her Troubles.

WASHINGTON, May 20.—The latest budget of mail received at the Japanese, Chinese and Korean legations at Washington give much space as to the changed conditions resulting from the war.

Lord Li, son of Li Hung Chang, is expected to be the new Chinese minister to Japan. The peace settlement will soon be followed by a restoration of diplomatic relations. Mr. Otori, now a member of the Japanese privy council, is mentioned as a probable minister to China. He was formerly minister to China and knows the country thoroughly.

In an interview Mr. Otori tells the Japanese that, having acquired commercial access to China, it will need much yet to carry on trade with the Chinese. He says British merchants have already pretty well occupied southern China, which is the best field, so that the Japanese had better turn their attention to the northern country, where the markets are comparatively untouched, although they supply millions of natives. He gives all the details of Chinese trade, showing, among other things, that the natives never pay cash for goods. They are scrupulously honest, and have three regular pay days, on May 5, July 15 and Dec. 15. The talk in Japan shows that the conquests by its armies are to be followed by an equally vigorous commercial campaign by the merchants.

Corea has passed through troublous times of late. The foreign ministers feared an outbreak and armed guards were stationed at all the legations. There were 30 United States marines with United States Minister Sill at Seoul. Quiet has been restored and the armed guards have been withdrawn. The trouble followed the rebellion of the Tong Haks. In suppressing them the government used great severity. A traveler that lately returned from the disturbed district reports that wherever he went he saw houses burned down, corpses of people murdered and towns desolated and abandoned. This brought on mob agitation which threatened Seoul and led to the armed defence of the legations. The authorities at Seoul are now trying the ringleaders and there is a liability that they will be decapitated.

The influence which Japan is now exerting in the modernizing of Corea is indicated by the formation of a court council to look after those suffering from the recent outbreak. On this council of six members, there are three Koreans and three Japanese.

The Korean government recently devised a unique means of raising much-needed revenue. Observing that Japan was making heavy demands on China and that China was not in condition to resist, the acting minister of public works of Corea suggested to Count Inoy, the Japanese envoy, that Corea should also put in a claim for damages against China. Hearing that China's arbitrary course had brought on the war and Corea had suffered many calamities therefrom, he urged also that he should personally undertake the duty of negotiating and of meeting Li Hung Chang at Shimonoseki, where the Japan-China terms were being arranged. Count Inoy discouraged the project and it was not executed.

The loan of 3,000,000 yen which Japan made to Corea in order to put the country on its feet, has begun to be paid. Half a million was turned over the first of last month, and the remaining 2,500,000 is subject to call by Corea.

The Japanese are looking over the possessions they have recently acquired. A large force of expert surveyors are at work in and around Port Arthur with the purpose of finishing the survey by July, although these plans may be altered now that the permanent possession of Port Arthur has been given up as a protest of the European powers.

The investigations as to the value of the islands of Formosa and Pescadores has not been encouraging, and the Chinese natives on the Pescadores seem to be a race of blinded people, about half of them groping about unable to see. The place is almost a solid mass of coral. It is used for building houses, etc., giving a beautiful red appearance to everything, which, however, is offset by the absence of trees or verdure from the coral soil and by the blindness everywhere. Formosa gives better prospects, and already capital is being invested to put in large sugar refineries which will, it is said, add a new element to the world's sugar production.

MORE CHICORA WRECKAGE.

The Lost Vessel Supposed to Lie Close to Benton Harbor, Mich.

BENTON HARBOR, Mich., May 20.—Big quantities of Chicora wreckage came ashore three miles north of here today. Hundreds of people flocked to the scene, where timbers from the pilothouse, cabin furniture and main deck were gathered. Much had the appearance of being freshly broken loose.

The search will be renewed and the lake will be swept from St. Joseph harbor northward. Several mattresses came in at this point three weeks ago. It is now believed the Chicora lies in shallow water and not five miles from home.

HARRISON County Democrats turned down J. J. Whitaker who is for "free and unlimited coinage of silver," and nominated a "sound money" candidate for Representative.

A move is on foot to postpone the Democratic State convention until August 25th. This is urged as the only way of preventing a split on the money question. It's doubtful whether any delay will better the situation.

In its May number, Southern Trade of St. Louis, gives a list of 381 industrial enterprises set on foot in the South last month. It includes 31 cotton mills, 27 electric plants, 14 flour mills, 7 canning factories, 6 furniture factories, 23 saw and planing mills, 16 foundries and machine shops, 8 brick yards and 22 telephone plants. No section of the country is developing faster than the South, is the truthful comment of an exchange.

OF INTEREST TO DEMOCRATS.

Official Call For The State Convention—Basis of Representation Therein.

Following is the call for the Democratic State convention:

"Resolved, That on June 15 there be held at each voting precinct at the regular voting place in each county and legislative district a convention of the voters thereof at 2 o'clock p. m., to select delegates to a county or legislative district convention to be held at the county seat, except that in counties or cities composed of more than one legislative district, the delegates shall meet at some place to be designated by the respective legislative committees. On Monday, June 17, at 2 o'clock p. m., and at said county and district conventions delegates shall be chosen to represent said counties and legislative districts in a State convention to be held on Tuesday, June 25th, at 12 o'clock.

"The basis of representation on the part of each precinct to said county and legislative district conventions shall be one delegate for each fifty votes cast for the Democratic electors at the Presidential election in 1892, and also one delegate for each fraction over twenty-five votes so cast; provided, however, that such precincts as cast less than twenty-five votes for said electors shall be entitled to one delegate.

"The basis of representation to the State convention from counties and legislative districts shall be one delegate for every 200 votes and each fraction over 100 votes for the Democratic electors at the Presidential election in 1892; provided, however, that such counties as cast 100 votes or less for said electors shall be entitled to one delegate."

SUPPLEMENTAL RULES.

The voters now residing within the boundaries of the several voting precincts as they were fixed and located at the November election held in 1892, will assemble at the places at which the election was held in said precincts in November, 1892, and select delegates as heretofore directed. Changes made in precinct lines since the November election, 1892, by the creation of new precincts or the alteration of old ones, will be ignored in holding these precinct meetings.

Mason County is entitled to thirteen delegates.

Simplified Elocution.

A new book, bearing the above title, by Edwin Gordon Lawrence, teacher of elocution and director of the Lawrence School of Acting, has just been issued. Simplified Elocution is a comprehensive system of vocal and physical gymnastics; it contains explicit instructions for the cultivation of the speaking voice and gesture; directions for the production of breath, sound and speech, and a thorough explanation of the muscles and organs employed; rules for articulation, modulation, emphasis and delivery; postures and movements of the feet, body, arms, head, eyes, etc.

To the treatise is added a complete Speaker, consisting of selections in poetry and prose suitable for recitation, which, as the author says in his introduction, "are not chosen on account of their newness, but from their intrinsic merit and their adaptability as exercises."

The work is designed for the especial use of teachers, actors, students, colleges, schools and all those who wish to perfect themselves in the noble art of expression.

The book, which contains 232 pages, is handsomely bound in cloth and gold, and will be sent securely packed on receipt of \$1.00, postage free. [New York: published by the author, 105 West 42d Street.]

The C. and O. to Pittsburg.

FAIRMONT, W. VA., May 16.—At a meeting of the stockholders of the Monongahela River Railroad held here yesterday it was determined to build a new road to connect the Monongahela with the Ohio River road near Sistersville, making a new through line via the Chesapeake and Ohio and Ohio River roads from Cincinnati to Pittsburg. Senator Gorman, ex-Senator Camden, Henry J. Clark, of Philadelphia, and a large number of Eastern capitalists are expected here on Saturday, when a conference will be held and proper financial support guaranteed the enterprise.

River-News.

The Ruth, Bonanza and Stanley down this afternoon: Telegraph and Hudson up to-night.

The propeller Georgia, owned by the Bay Bros., and laid up at Ironton, is to be taken to Pittsburg as soon as there is water enough, and placed in the Brownsville and Charlevoix trade.

The Telegraph passed down early Saturday night, and brought up a big excursion from Cincinnati to Maysville yesterday. She reached here at 4 o'clock with about 500 people on board, remaining about an hour.

Business Changes.

Mr. E. Myall has sold his interest in the carriage business of Myall & Shackelford to his partner, Mr. J. J. Shackelford, for \$12,500 cash. The sale includes the real estate and the carriage stock, but not the notes and accounts.

Messrs. Peed & Dye, dealers in china, glass and queensware, have disposed of their stock of goods to Mayor J. T. Long.

One Half Fare.

The C. and O. railway will on May 21 sell round trip tickets to all points in the West, Northwest and Southwest, also to points in Virginia, at one fare for the round trip. Tickets good going on all regular trains of May 21st. For further information apply to W. W. Wikoff, ticket agent, Maysville, Ky., or T. A. Garrigan, S. E. P. Agent, Huntington, W. Va.

The case of Halbert versus the M. and B. S. Railroad Company, from Lewis County, has been submitted in the Court of Appeals.

JOHN BUCKLEY got \$11, \$11.75, \$12, \$12.25 and \$16.75 per hundred for five hogheads of new tobacco sold at Cincinnati last week, and Howard & Worthington sold eight hogheads new at prices ranging from \$12.50 to \$19.75 per hundred.

J. HULL DAVIDSON, Lexington's ex-City Collector, according to the calculation of two expert accountants employed by the City Council, is over \$15,000 short. Saturday he came out in a long statement purporting to be the work of other expert accountants employed by himself and the widow of his late deputy, who was being accused of getting the money, and denies that he owes the city any money. The fight is the result of hatred between H. T. Duncan, at present Mayor of Lexington, and Davidson, whom he succeeded in that office.

New York, May 16th.—The country bought wheat to-day, and with hardly a set-back prices rose over two and three-fourths cents a bushel, closing strong at the top. The boom was simply the outcome of a general awakening of speculative energies all over the country. Cotton, oil and stocks have had their turn and wheat is now coming in for its share. Professional traders who scalp the market daily and know the ins and outs pretty thoroughly, bowed before to-day's bull storm, and with outside orders in the market trade stood still, for local officers recognized the futility of trying to follow out ordinary influences which the mad rush of buying kept up. The bears ran like sheep in a storm. In fact, the speculative public may be said to have owned the wheat markets of the country to-day. July wheat opened at 70½ cents this morning, sold off to 69½, and then, with few pauses, moved up steadily to 72½, at which figure it closed.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

EGYPTIAN MODE OF EMBALMING.

An Interesting Article on the Subject From the Pen of J. F. Fitzhugh.

It is my object in this article to lay before the public at large a minute and detailed description of the ancient methods of embalming, and at the same time to submit to them the important details so condensed and free from unnecessary and superfluous language that it shall be perfectly plain to any one believing that any matter not strictly pertaining to this subject is out of place in this brief article. Long study and constant experimenting in this interesting science has brought to light many valuable and practicable results and it is from actual tests and experiments extending for a long period of time that I have devoted to this art that has enabled me to say that the competent embalmer may rely with entire confidence upon meeting with complete success in each and every case to which he may be called if he has followed the same example and has had the opportunity of personally studying the many difficult cases which come into the hands of the embalmer. In this article I will give the exact methods used by the Egyptians, and what little the public know of embalming you will at once see, nevertheless, that a rapid advancement has been made, and in a matter of a short while it will be almost perfection.

The Egyptians embalmed their dead by a slow, tedious method, which occupied from sixty to ninety days, and oftentimes longer. Constant attention and care be required. They always removed a great many of the organs, and performed a great deal of mutilation. The bodies were bathed in a solution of arsenic, asphaltum, oil of cedar, gum myrrh and any or all of the aromatic spices that they could possess themselves of without respect to kind or quantity, after which the body was subjected to slow and steady heat for from sixty to ninety days, the application of the solution being repeated several times. Smoke was also used in some cases. When the moisture was finally expelled from the body they were wrapped or rather wound with narrow strips of linen cloth from head to foot. These cloths were also saturated with asphaltum, arsenic and gum myrrh, which soon became dried and cemented together in a manner to prevent moisture from permeating the body as long as the wrapping remained intact.

Thus it will be observed that the Egyptian method is not an entirely lost art as has been supposed, neither would any person living under the present age of improvement allow such methods to be practiced on their beloved dead. It has often been remarked by those not so well informed on such matters that the Egyptian method could not be fully analyzed or a new and better method discovered to take its place, but fortunately this is a great mistake. The Peruvians equalled the Egyptian method without removing anything whatever from the body, and all they used was smoke and heat. When the moisture was removed from the body it was placed in a dry rocky tomb. Many of these mummies have been discovered in a fine state of preservation, and few, if any, are prepared to say but that these ancient dead have been lying in these rock-hewn tombs as long as the so-called Egyptian mummies have in the Catacombs of Egypt. The public's obedient servant.

Lecture on Persia To-night.

The interest awakened by Rev. Mr. Yonan Y. Arahman's (the native Persian) lecture in the First Presbyterian Church yesterday morning was such that he has been earnestly requested to deliver another lecture, and he has consented to do so to-night, commencing at 7:30 o'clock, in the church named.

The following is a brief outline of the lecture: Glimpses of Persian history, scenery, cities, streets, dwellings, home-life and manner of living, marriage, engagement, wedding, etc. Bible customs explained throughout the lectures. The speaker will first appear in Persian costume, and will then dress in women's out-door costume. Will also read Persian and Syriac as in their schools, and will close by dressing in Kurdish costume.

A collection will be taken up at the close of the lecture, and the public generally are cordially invited to be present.

Opening Postponed.

The E. L. Kinneman Show will not open this evening. On account of the disagreeable weather of last week, the workmen were delayed in getting the tents up, and things in shape generally, and in consequence no rehearsals were held. BIMETALLIC ADDRESS.

Instructions For the Organization of State, District, City and Town Unions.

SALT LAKE, May 20.—Thomas G. Merrill, Edward B. Light and Governor L. Bradford Prince, the committee appointed on Saturday by the executive committee of the National Bimetallic association to prepare instructions for the organization of state, district, city and town unions throughout the country, issued the following address on the subject and earnestly requests the newspapers of the country to publish the same:

To the People of the United States:

It is a matter of vital importance in carrying out the plan of action adopted by the meeting of the National Bimetallic union that in districts, towns, cities and states the organization of bimetallic unions be entered upon at once. The object of these unions is for thorough organization in the interest of education of the voters of the land upon the financial question which is the burning before the American people today. The only hope for the success of this struggle for the full restoration of silver to its place as money at a ratio of 16 to 1 by the United States is in such an education of the people as will cause a majority of the voters of our country in November, 1896, to vote for independent bimetallicism regardless of party lines.

The formation of these unions may be entered upon at once, and we suggest that each union adopt the name of the district, town or state in which they are organized, and that the secretary of each union address a letter to E. B. Light, secretary National Bimetallic union, Denver, who will forward a form of constitution and bylaws recommended by the national organization. As soon as the local organizations are completed they shall appoint a committee of their most earnest workers for the purpose of circulating a subscription paper throughout their entire community. We would further recommend, that the subscription be made in regular monthly payments, which shall continue until November, 1896.

Further recommendations will be made by the secretary at the time the constitution and bylaws are forwarded. The money so raised is required for the purchase of and circulation of bimetallic literature furnishing honest and unanswerable arguments for full and independent bimetallicism, believing this is the only way to restore permanent prosperity to our beloved land. This is a struggle between the money power and patriotism, and in order to win our cause, we have the money interests to oppose us, which are all powerful, it is absolutely necessary every patriotic citizen shall at once enlist in this fight and render us as great assistance as in his power until this battle is won.

EDWARD B. LIGHT,
Secretary National Bimetallic Union.

ACCUSED OF SIX MURDERS.

Authorities Awaiting the Release of a Prisoner to Arrest Him.

DETROIT, May 20.—Carmen Ybanez, a Mexican, who today finishes serving a long sentence in the Detroit house of correction here, is wanted by the Mexican authorities, who accuse him of the murder of six persons Dec. 20, 1881. Ybanez was a captain under the famous Garza, who attempted to overthrow the Diaz government and who was killed recently in Costa Rica.

Carmen, the complaint recites, with a number of followers, entered a ranch in Los Tortillas for the purpose of robbery, and shot and killed six persons. He was later arrested at his home in Texas, charged with engaging in a war with which this country is at peace, and is just completing his sentence for that crime. United States Marshal Ware of San Antonio and a deputy are waiting to rearrest Ybanez.

Escaped Hanging Thirteen Years.

SANTA FE, May 20.—Patrick Carmody, under indictment for murder and sentenced to be hanged in Socorro county in 1885, has been captured at Salomon Valley, A. T., and brought to Socorro by Sheriff Barsun. In 1882 Carmody and two others killed a Socorro citizen by hanging him. In 1888, while the case was pending in appeal in the supreme court, the accused man escaped from jail.

DEATH TO TRAIN ROBBERS.

The Bold Bandits Will Find It Pretty Warm in Mexico.

CITY OF MEXICO, May 20.—A bill has just passed the national congress here regulating the manner in which train robbers will hereafter be dealt with in Mexico.

The new law says: "If, during the assault of any train, there should result a case of robbery or the death of one or more passengers, the criminals, if apprehended, will then and there be condemned to suffer the death penalty, without any other formality than the drafting of the minutes regarding the execution by the officers in charge of the forces effecting their capture. Those whose capture shall not be made at the moment of the commission of their crimes will be tried by the authorities most adjacent to the spot of their apprehension in the peremptory period of 15 days and be made to suffer the death penalty."

MAD DOG SCARE.

Fourteen Rabid Animals Killed in One Day by the Police.

ST. JOSEPH, Mo., May 20.—A mad dog scare is terrorizing the people of this city. A rabid dog ran amuck in the east part of the city a few days ago and before being killed had bitten a number of dogs which have been going mad since and biting other dogs.

Yesterday forenoon there were four rabid animals loose in Wyatt park at one time and people did not dare to venture from their homes.

James Harper was bitten by a rabid animal and has been taken to Savannah for madstone treatment. John Quinlaven, a boy, was bitten Saturday afternoon and taken to a madstone, which adhered for six hours. The police killed 14 mad dogs yesterday, among them some valuable animals. People who live in Wyatt park dare not venture out of doors after dark.

Battle With the Hovas.

PARIS, May 20.—A dispatch from Madagascar, says: "The first battalion of the colonial regiment had a sharp fight with a large body of Hovas near Marovoy. The Hovas fled at the point of the bayonet, leaving 60 dead and wounded. There were 13 of the French wounded. The French then occupied the Hova camp."

Collision of Trolley Cars.

BROOKLYN, May 20.—A serious collision between trolley cars occurred yesterday afternoon, by which several passengers were seriously, if not fatally, injured, and a number of others badly bruised. The employees have been placed under arrest. Among these seriously injured were: Adolph Flager, Joseph Williamson, William Messerschmidt, Robert H. Furman and James B. Ehrmann. They were all either bruised about the body or injured internally. Of the hundred or more passengers on the two cars the majority received bruises of a more or less painful nature, and a veritable panic ensued.

Cincinnati Tobacco Market.

Furnished by the Cincinnati Leaf Tobacco Warehouse Company:

Offerings for the week, 979 hhds; receipts for the week, 216 hhds; actual sales for the week, 763 hhds; receipts for the week, 762 hhds; offerings of new for the week, 766 hhds. Very light offerings and receipts, and a consequent advance in prices, were the features of last week's tobacco market. The improvement covered nearly all grades, and was most remarkable in mediums, which, we think, can easily be quoted 1% cent higher than at our last writing. We think that there was an even lesser proportion of fine tobacco in the sales than heretofore, but the change in prices in these goods was not as noticeable as in the lower grades, though they sold up to 25 cents. In fact, as we mentioned before, when fine tobacco sells up into the twenties there is not much more to be hoped for, but the good, serviceable mediums still look cheap at the advanced prices. There is only a limited speculative demand, and the increased bidding comes principally from the manufacturer. The stocks of old have become very light, and the high figures paid for really fine goods have brought out about all there was held of this kind. We sold one hoghead at 25 cents last week. The small stock remaining now in the warehouses probably consist of medium goods mostly, and ought not to be carried into competition with the new crop, which will not be coming to market in keeping order. We hear all kinds of reports concerning the "cut worm," and there is no doubt but that it cuts quite a figure, at least, in the estimates placed upon the prospects of the coming crop, but likely enough there will be plenty plants saved to make a good start, and with a favorable season setting will commence within the next two weeks.

HERB MEDICINE CO., SPRINGFIELD, O.

THE TRIUMPH OF LOVE

IS HAPPY, FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must work wonders with this generation of men."
The book fully describes a method by which to attain full vigor and manly power.
A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, dependency, etc.
To exchange a faded and worn nature for one of brightness, buoyancy and power.
To cure forever effects of excesses, overwork, worry, etc.
To give full strength, development and tone to every portion and organ of the body.
Age no barrier. Failure impossible. Two thousand references.
The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.
A despairing man, who had applied to us, soon after wrote:
"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"
And another thus:
"If you dumped a cart load of gold at my feet it would not bring such gladness into my life as your method has done."
Write to the ERIE MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any charge, and entirely free, until it is well introduced.

ONE hoghead of old tobacco, sold at Cincinnati last week, brought \$25 a hundred, the highest price of the year to date.

Mr. B. F. Lewis and Miss Anna Mand Hitt, both of this county, will be married next Thursday, at the home of the bride's father, Mr. William H. Hitt.

THE C. and O.'s No. 4 came in fifteen minutes late last night, arriving about 11 o'clock. There was a good crowd of passengers for this city and they were compelled to walk up town as it was too late for the street cars.

SAMUEL GUY will have a hearing before Squire Bramel this afternoon at 2 o'clock on a charge of shooting at his cousin Emory Guy. The trouble occurred near Moransburg, and both parties did some shooting, both escaping unharmed. Emory skipped out.

THERE was a happy family reunion at the pleasant home of Mr. and Mrs. George T. Wood last Thursday. Mrs. M. J. Lyons and Dr. Harry S. Wood, of Cincinnati. Mr. Charles A. Wood, of Middleborough, Mr. T. K. Wood, of Mt. Gilad, and the other members of the family were present.

FLEMING County Republicans instructed for W. O. Bradley for Governor, John P. McCartney for Attorney General, and endorsed resolutions opposing the free coinage of silver. O. L. Hinton, of Plummer's Mill, was nominated for the Legislature, and delegates appointed instructed to vote for W. H. Harrison for State Senator at the convention to be held at Morehead.

A Virginia Seashore Party.

The Eckert-Stewart personally conducted tour to the seashore will leave Cincinnati on the F. F. V., C. and O. railway, at 12 noon, June 11th. Luncheon will be served immediately on leaving, and supper will also be taken in the dining cars for which this line is famous. A stop will be made at Richmond for a carriage drive to points of interest, after which the party will go to Old Point to sail, fish, dance and enjoy life for eight days at the Hygeia. Thence by boat on the Chesapeake Bay and Potomac River to Washington, where a delightful drive about the National capital will be enjoyed; returning home from Washington direct. The tickets will include all expenses. For programmes and full information address C. B. Ryan, A. G. P. A., Cincinnati.
